Many representatives of the race attended the Republican National Convention in Chicago last week. Among those who went from here were: Messrs. Fred W. Dabney, C. H. Calloway, W. C. Hueston, Dr. E. H. Ramsey, Dr. McQueen Carrion, Dr. J. E. Dibble, Jesse Bell, H. R. Moore, Edward C. Jones, Felix H. Payne, W. C. Mosely, J. J. Allen and N. C. Crews. And he said, they put Kansas City on the map in the Windy City.

The editor drove over to Chicago with Dr. E. H. Ramsey in his elegant new Marmon but returned over the Santa Fe. Although the train was crowded his trip was made very pleasant and comfortable by the Porter, Gabe Hamilton, an old friend of his, who resides at 1419 Lydia and who is highly respected both by his superior officers and the traveling public who know him. On account of his unvarying politeness and his high degree of efficiency, Gabe has been with the Santa Fe for eleven years.

The commencement exercises of Lincoln High School held at Convention Hall last Friday night were up to their usual high standard and excellence and were witnessed by more than eight thousand persons. Lincoln High has made wonderful advancement during the past few years and has without doubt developed into one of the great High Schools regardless of color in this country. The editor was attending the Chicago Convention, the manager was detained at home by illness and we are not able to give a resume of the excellent program rendered, but all agreed that it was one of the best ever witnessed here.

That the Negro is more and more determined to secure his rights as an American citizen is evidenced by the skill and determination to which he succeeds in getting his grievances before the great political parties, and incidentally the American people. At Chicago, the Negroes from all sections of the country fearlessly and firmly notified the representatives of the big business who were decidedly in favor of Governor Lowden, that if they nominated him, they would make an effort in every Northern State where Negroes are a factor to defeat him on account of his East St. Louis record.

Result: They didn't nominate Lowden.

There are a number of important gatherings of our racial group to be held in this city this summer, and it behooves us who are interested in the good name of our race and the city to do everything in our power to create a most favorable impression upon the minds of all of our visitors. Paint up, spruce up, take care of your lawn, let your department be what it ought to be in public places and especially should our women stop leaning out of windows, yelling across the street to each other, sitting on their porch barefooted, running up and down the streets in mother Hubbard and transparent skirts; and those lazy dudes who refuse to work with such a demand for all kinds of labor as now prevails should be run out of town or be put into the workhouse.

## JEFF'S PLACE.

Perhaps there is no business institution in the city that gives a more inspiring demonstration of the success that comes to a man who attends strictly to business and looks after the comfort and convenience of his patrons than does J. S. Jefferson's place, better known as "Jeff's Lunch," 19th and Vine streets. Day and night it is invariably crowded. Everybody is on the jump, and yet it is kept scrupulously neat and clean and everything is served in the most desirable manner. Those Negroes who are complaining that they can't "make it," ought to saunter by and study Jeff's methods.

## DR. CHAPMAN SUCCEEDS.

One of the most elegant and up to date suite of offices owned by the race that we have ever visited are the dental parlors of Dr. Chapman & Tancil at 18th and Indiana avenue, Chicago, Ill. Dr. T. C. Chapman, who for many years practiced his profession in this city, caught the vision of a larger and better field in Chicago with its hundred and eighty thousand Negro population, and that his judgment was good is evidenced by the tremendous volume of business done by them daily, which is not by any means confined to the members of our race. They do a business averaging a hundred and fifty dollars per day and every modern appliance in the practice of their profession is found in their elegant offices. To appreciate their magnificence they must be seen, and we advise every visitor of the West who goes to Chicago to visit the offices of Chapman & Tancil, which in the Negro newspapers and theatre programs is described as one of the "show places of Chicago."

Hubbel's up-to-date limousine can be obtained by calling Grand 3244.

## THEY SAY

—That no matter how homely a woman is, some man thinks she is a peach.

—That if we could only bottle up some of this heat and use it next winter, how happy we'd be.

—That a certain married woman who "goes the limit" when hubby is out of the city had better go slow.

—That the Negro "gent" who jumped from the second story window last week and left a perfectly good pair

—That a certain prominent man is so desirous that everybody think that his wife loves him until he tells them so.

—That if more brains and not so much noise was put into certain Negro businesses, success would likely come sooner.

—That grass will grow in a colored man's yard and around a colored man's property if he'll only water it and keep his feet off of it.

—That the man who puts more than one iron in the fire at the same time will soon find some of them burning before he gets to them.

—That a certain preacher who is very popular with his congregation attributes it to the fact that in the summer he preaches to them that hell is hot and in the winter he preaches that it is awful cold down there.

—That the "wise ones" can understand now why The Sun could not be influenced to "hook up" with either Wood or Lowden, although many flattering inducements were offered for them to do so. Betty and Sam told the boss when it was all over "We sho' know our stuff."

of pantaloons with several dollars in change, a pocket knife and a bunch of keys ought to go and get them. But the man who was behind the gun when he jumped out said he'd better bring a regiment of soldiers or an undertaker's wagon. Lawd he's dat sho' am bad.

The Eleventh Annual Conference of the National Association for the Advancement of Colored People, which was held at Atlanta, Ga., May 29-June 2, is declared by all who attended to have been the greatest in many respects of the conferences of the Association. Much doubt was expressed prior to the conference as to whether the plain truth in regard to the Negro question could be spoken in Atlanta. The association was true to its colors, even in Atlanta. Every speech, every testimonial, every conversation was frank and to the point, evidencing no fear, but marked with earnest sincerity that was completely convincing.

Two hundred and twenty-seven delegates and members registered, representing 92 branches and 29 states. There were also many visitors from surrounding states. The total attendance at the four mass meetings held on Sunday afternoon and on Monday, Tuesday and Wednesday nights and at the business sessions exceeded 15,000 persons. Many were turned away from every mass meeting since the auditorium of Bethel A. M. E. Church, the largest that could be secured, was totally inadequate to accommodate the crowds desiring to attend the sessions.
